Roles

The ERP is based on following Roles and these Role names will be used in this document as reference of user per action.

1.1 Admin

This is the Command & Control Center Account and has all the privileges and control over the actions performed in the ERP.

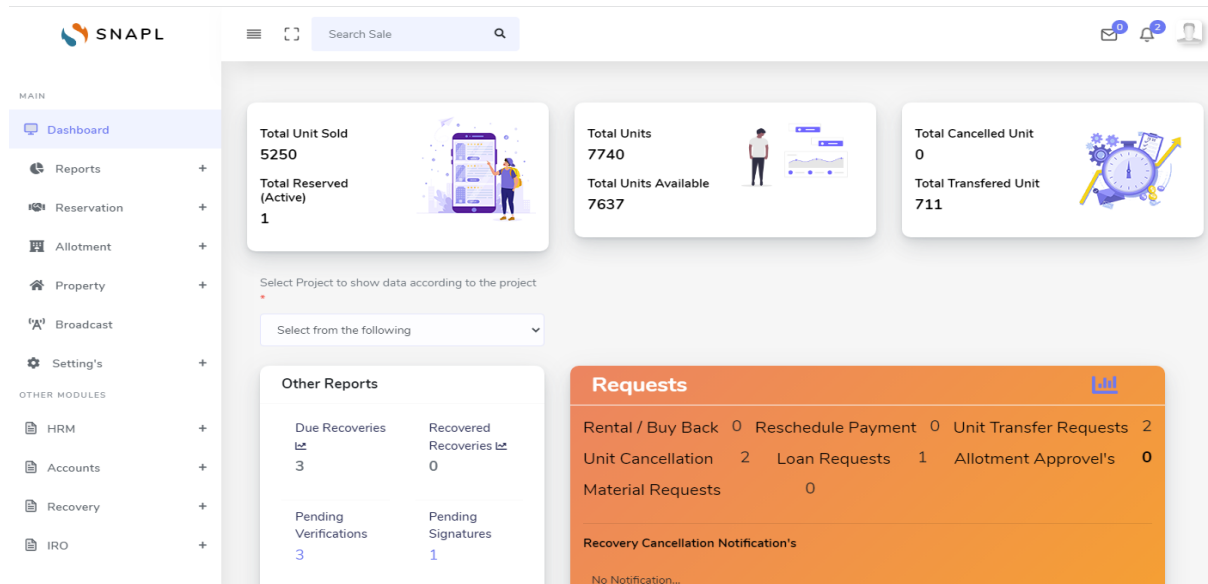

Figure 1 Admin dashboard

1.2 SAM/Director Sales/ Head of Sales

This account is second to admin in terms of sales and approves or disapproves the non-standard sales which includes Payment plan changes or custom token expiry or even Extension of tokens. This

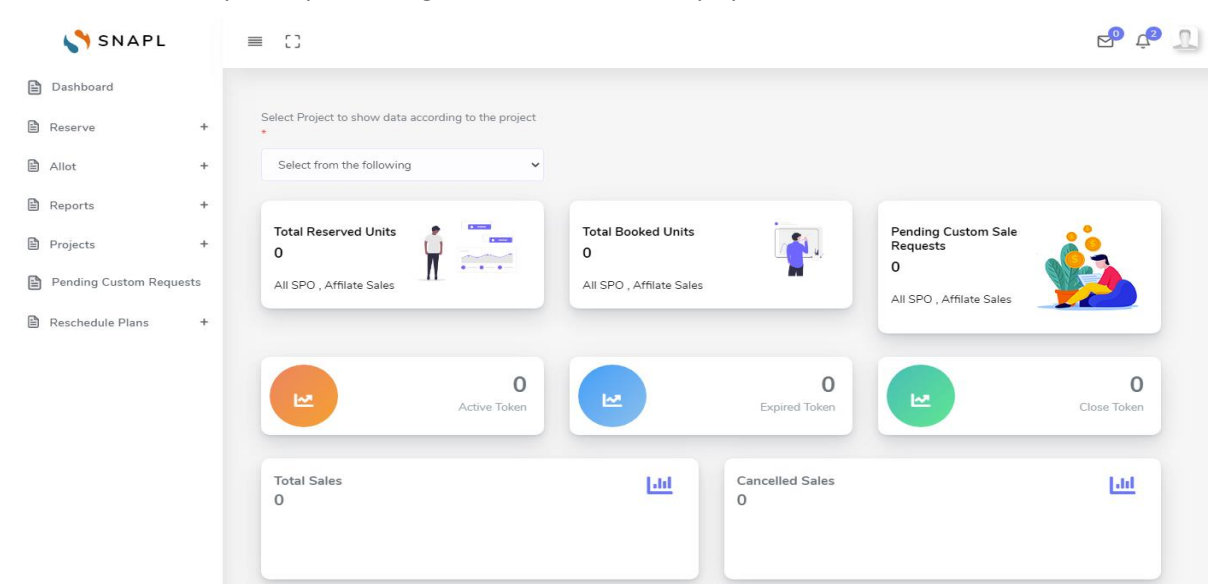

Figure 2 Head of sales dashboard

account can't initiate a sale. This user has access to all sales information too and can see and track the sales done by each user.

1.3 Sales Person (SPO/BD/BDM/BDO)

This account is the initiator of the sale. This account has access to sales related to this user; and to initiate a new sale or to set a payment plan if not standard for the sale. This account also chose the type of sale i-e standard, non-Standard, buy back or rental or both buy back and rental. This user can only see a customer linked to it. However, if that customer has a new or other sale by another user that won't be visible to this user. This user can also add Affiliates linked to it but their approval will be done by HRM or ARO.

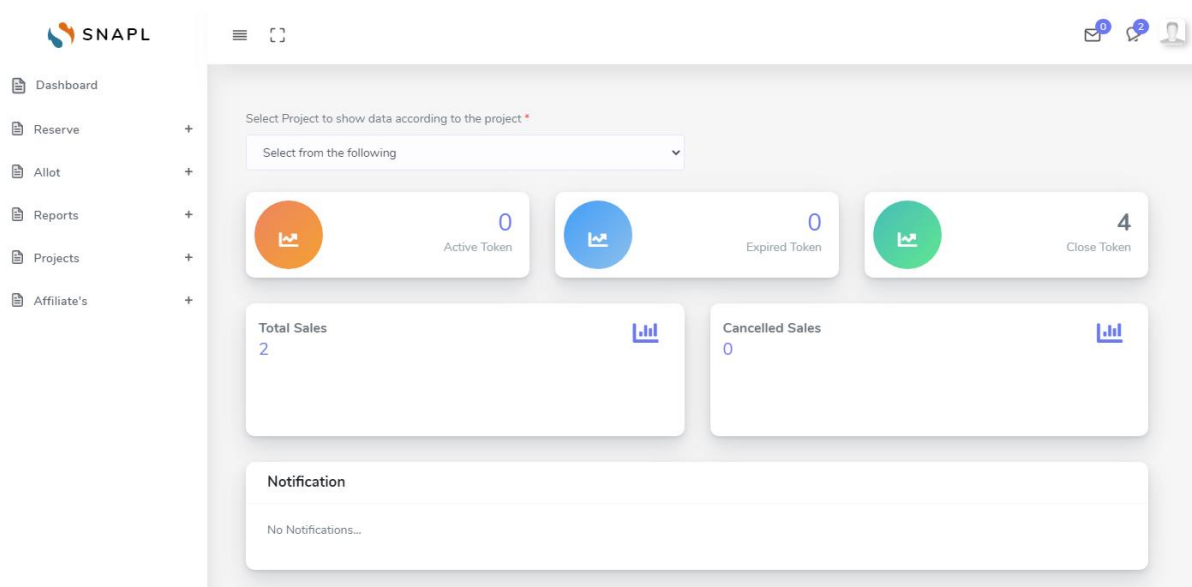

Figure 3 SPO dashboard

1.4 Cashier

This user is on cash counter and his access is limited to take payments related to sale and after sales this include all type of transactions i.e.

- i) Token
- ii) Down Payment
- iii) Reschedule Fee
- iv) Transfer Fee
- v) Installment
- vi) Late Payment Charges
- vii) Advance Tax
- viii) Restoration Charges (Yet to be added)

This user can receive payments in following ways:

- (1) Cash
- (2) Bank/Online
- (3) Adjustments
 - (a) Rental
 - (b) Investor

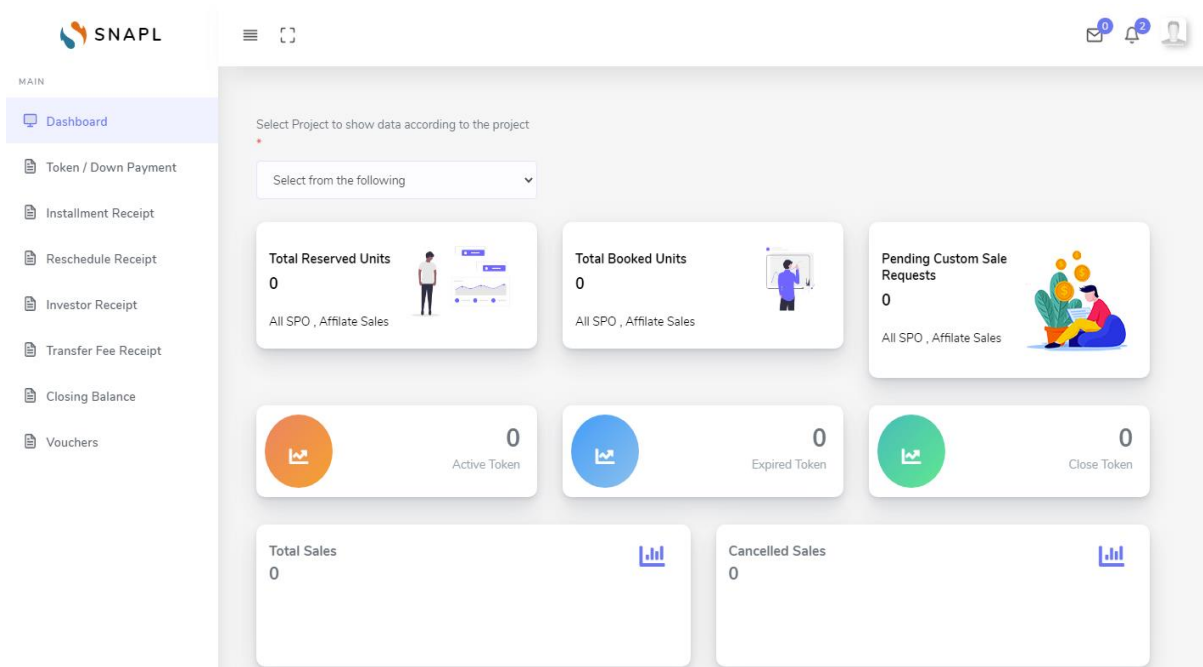

Figure 4 Cashier dashboard

1.4 Recovery Head/ Customer Care Officer

This user will lead the recovery department for recovery of Installments along with that will deal with the after sale services like:

- a) Reschedule
- b) Transfer
- c) Self-Cancellation by customer
- d) Disputes resolution
- e) Online Payments Verification
- f) Soft Lock Status Changes
- g) Put the file to Reclaimable Cancellation manually (Yet to be added)

Along with this this user will perform the recovery related team management using CRM and allotments of customers to team.

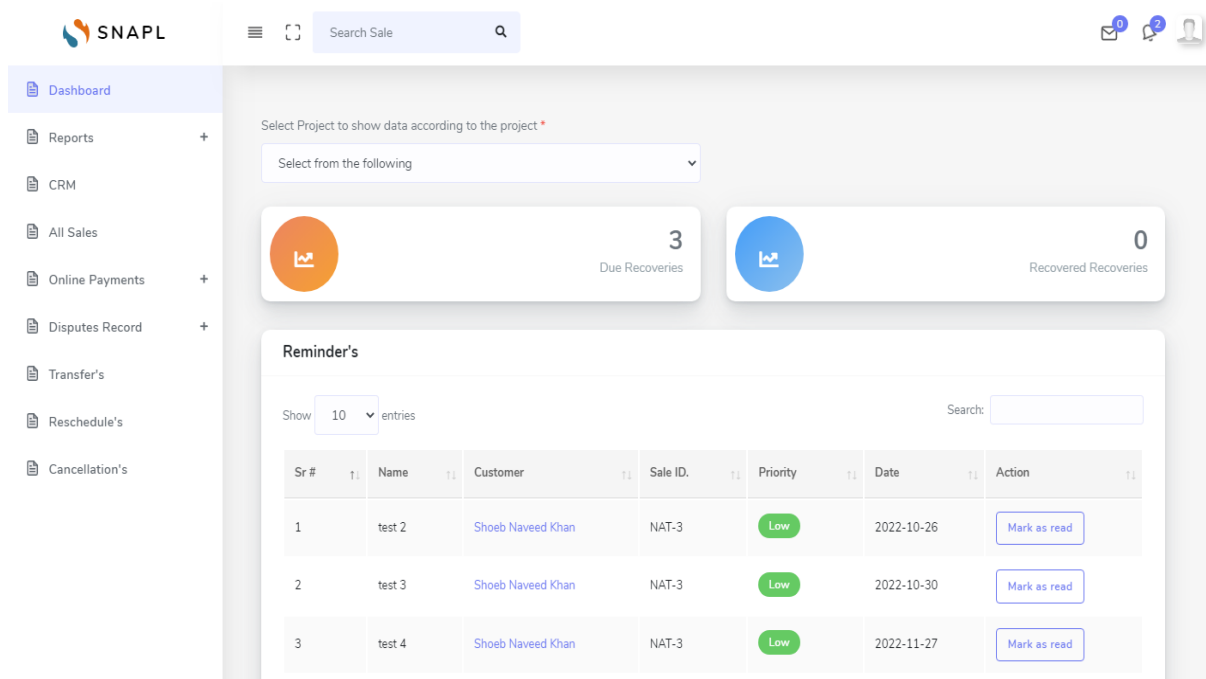

Figure 5 Recovery head dashboard

1.5 Registrar/IRO

This user is a validator of sales and after sales affairs. This user will validate following things:

- 1) New Sales
- 2) Transfer
- 3) Cancellations
- 4) Fully Paid Files

Along with that this user will be the online record keeper of "Iqrar Namas".

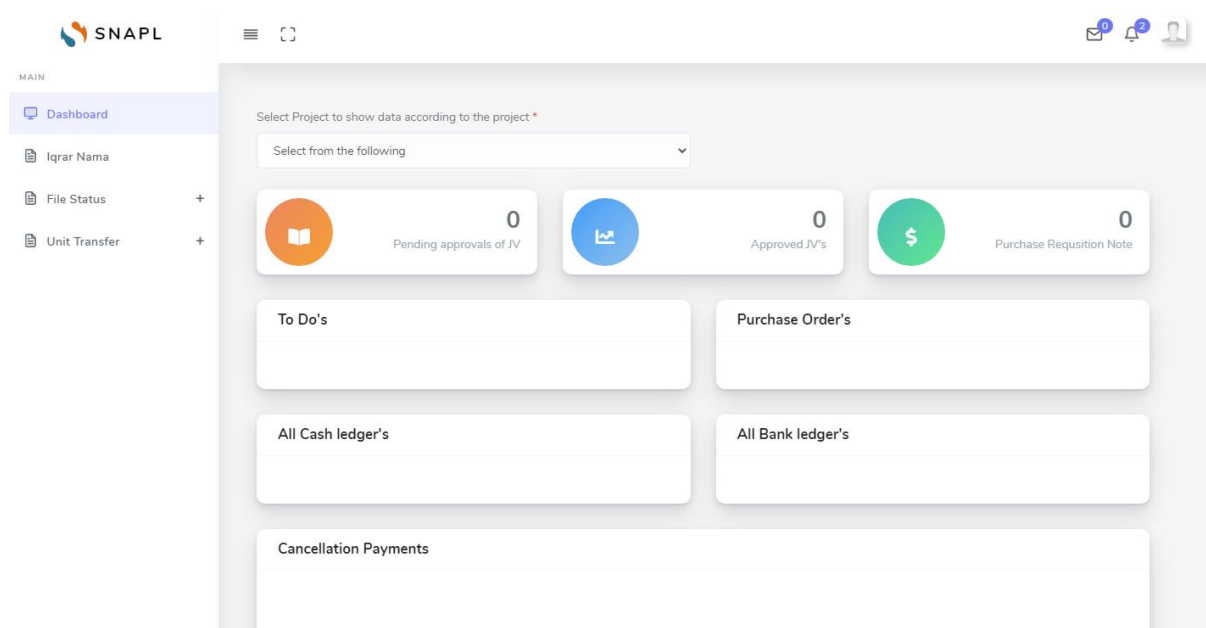

Figure 6 IRO dashboard

2 Process of a Sale & After Sales:

Following sections will be defining the process of sales and after sales:

2.1 Token/Reservation:

This is the first step to initiate the Sale and is to be done by SPO/Sales Person in following process flow:

- 1) Select a unit for reservation from availability.

Project	Unit ID	Unit No.	Dimension / Balcony Size	Size in sq ft	Block	Floor	Color	Price Per Sq Ft	Total Sale Price	Action
Gatwala Commercial Hub	7407	11	31x9 0	279	Food Court	4th Floor	Yellow	1200.00000	334.800	<button>Reserve</button> <button>Remove</button>
Gatwala Commercial Hub	7408	11	31x9 0	279	Food Court	4th Floor	Yellow	Not Set	Not Set	<button>Reserve</button> <button>Remove</button>

Gatwala Commercial Hub	7408	11	31x9 0	279	Food Court	4th Floor	Yellow	Not Set	Not Set	<button>Reserve</button> <button>Remove</button>

Figure 8 List of available units

- 2) Enter the token amount
- 3) Select the token Expiry date to be Standard or non-Standard in case of nonstandard it is subject to approval of SAM.
- 4) Select the type of sale to be standard or Rental or Buy back or both in this case this will go to Admin for terms to be settled.
- 5) Give the discount if any within the allowed limit.

- 6) Select the payment plan if standard will be proceeded and in case of custom plan approval of director sales will be required.
- 7) Sales person can't make a direct sale hence the user has to select the source of sale i-e Affiliate or Investor.
- 8) Token Mode i-e refundable or non-refundable.
- 9) Comments on sale if any
- 10) Lock the unit

Figure 16 Standard payment plan voucher when SPO clicks to Add reservation button

2.1.1 Token Extension:

If the user wants a token extension, it has to be requested by relevant SPO and approved by Director Sales.

2.2 Payment of Token:

2.2.1 Standard Sale

In case of standard sale, the payment receipt for the token will be directly shown to the cashier for payment and once the payment is done the unit will be reserved on the terms entered by SPO.

2.2.2 Non-Standard Sale

In case of nonstandard sale i-e custom token date or custom payment plan or Rental or Buy back the sale will be move towards the cashier panel after the approval of respective panel i-e Admin panel will manage Rental or buy back this section is yet to be added; and in case of custom expiry date and custom payment plan director sales will approve it.

Once the approval is done then it will move towards to the Cashier panel for payment.

2.3 Allotment/Booking:

A unit can be directly allotted or a reservation can be converted into Allotment. In direct Allotment all the information which is optional at the time of reservation will also be required and all the standards of sale has to be followed. For a non-standard sale relevant approvals will be required before going for payment.

The other method is converting token into allotment; in this the Spo will enter the leftover details if any and then will confirm, it to boking. The Spo has an option to edit details at this point too such as customer details and payment plan and even discount offered but even in this case if things goes out of standard the relevant approvals will be required before proceeding to down payment.

Once the sale is approved or is standard it goes to cashier panel for payment.

Figure 17 Sales progress status before token paid

2.4 Payment of Booking/Down Payment:

After a sale is converted into Allotment in case of standard it will directly move towards the cashier panel and cashier can receive payments on it. If it is non-standard the payment receivable will be shown in panel after relevant approvals.

The down payment will have the token amount adjusted and down payment can be done partially too i.e. in 3 different transactions such as 2 online payments and 1 cash. But the Iqrar Nama will not be generated unless or until the DP is complete as per agreement.

2.5 Iqrar Nama:

After the DP is done the Registrar/IRO will start his/her actions which are as follow:

- 1) The sale will be shown in pending verification in which user will verify the details of Customer and nominee and will do the changes if required. Once this is verified the file will move to next step.
- 2) After the verification IRO will get the file both office and customer copy signed by CEO or director and then will move to next step.
- 3) After this the IRO will deliver the copies both office and customer for customer signature and will record the details of receiver.
- 4) After the signatures the IRO will receive the office copy and will send it to archiver.

BOOKING AMOUNT NON-REFUNDABLE UPTIL RECIEPT OF 30% PAYMENT BY COMPANY

Figure 34 Iqrar Nama with installments details

2.6 Installment:

The cashier will receive the installment for a specific unit. In case of cash a direct entry will be done by the cashier and in case of online/bank payment a STAN will be generated by recovery depart. One STAN can be used in multiple payment however the amount of STAN used will be deducted from the total amount of STAN. And a log of usage of STAN is also made.

While receiving Installment following factors will be catered too:

2.7 Re-schedule:

If a customer wishes to change the payment plan he/she will visit recovery dept. or customer care center and following process will be performed.

- 1) Customer care will initiate the re-schedule request.
- 2) Customer care will enter the new plan based on pending payment
- 3) Customer care will check for LC and Advance Tax and can move that to next plan or ask the customer to clear those.
- 4) Re-schedule charges will be settled by customer care.
- 5) If there is any dispute it will be resolved by customer care.
- 6) After this the request will be forwarded to Admin for approval.
- 7) After Approval of Admin this will move towards the cashier for payment
- 8) Once the payment has been done the new payment plan will be implemented
- 9) The file will move towards the IRO for reprinting and performing the delivery of file steps.

2.8 Transfer:

If a customer wants to Transfer a unit following things would be done:

- 1) Customer will visit the recovery or customer care dept.
- 2) Customer care will initiate the request.
- 3) Customer care will define if it is a case of inheritance or not; in case of inheritance the fee will be as per inheritance procedure and a document as evidence has to be attached.
- 4) In case of normal transfer a transfer fee will be implemented by the customer care. The customer care can create a dispute on transfer fee and customer care will settle this after manual approval on a document signed by CEO this document has to be attached with the dispute.

- 4) The Customer will be informed about the LC, Tax and other due installments he/she has to pay before the transfer can be performed; if the customer has any dispute on these it will be settled by customer care dept.
